

THE VOICE OF CALIFORNIA PUBLIC WATER & POWER

ADVOCACY

We represent our members in front of the Legislature and statewide regulatory agencies, supporting the advancement of public policies that benefit members and the people of California.

EDUCATION

We inform members on big issues. The weekly CMUA News & Views offers stories on state issues, member programs, various stakeholders and national interest. Also, regular updates on legislative and regulatory issues keep members on top of the latest news.

RELATIONSHIPS

We bring together our members at events, meetings and email forums throughout the year, giving members the opportunity to engage with their peers, CMUA's expert staff, the water and power industry, and state and local decision-makers.

 **53** members provide water services

72 electric and water member agencies statewide

45 members provide electric services

BIG IMPACTS

ECONOMIC ENGINE

> \$10 BILLION

annual revenue
for CMUA electric and water utilities combined
