CMUA 2020 WATER/ENERGY NEXUS Priorities

1. Wildfires (inverse condemnation, insurance issues, reliability of services)
2. Forest and Headwaters Management (including for water supply, watershed health and water quality benefits)
3. Water and Energy Storage
4. State Mandates/Local Control
5. Resiliency and Climate Change Adaptation (including system hardening)
6. Fees (connection/capacity, State Water Board, DWR)
7. Infrastructure
8. Data Collection and Streamlining
9. Vehicle Fleet Issues
10. Public Records Act
11. Workforce Development
